

Math-U-See Geometry

Letter to parent: The student should complete the following assignments from the MUS curriculum. The general format is

- 1) Watch the video for the corresponding lesson (peruse the instruction manual for that lesson for additional support, if needed);
- 2) Complete worksheets A-D and check answers in the back of the instruction manual (omit worksheet E for now). The student should complete assignments directly in the workbook.
- 3) Complete the Lesson test*** LEAVE TESTS IN THE TEST BOOKLET. I will grade them the first week of school.

SECURE THE INSTRUCTION MANUAL DURING TESTS!

Summary:

Lesson 1 Points, Lines, Rays, and Line Segments-1A, 1B, 1C, 1D, and test 1

Lesson 2 Planes and Sets-2A, 2B, 2C, 2D, and test 2

Lesson 3 Angles ##will need a protractor##-3A, 3B, 3C, 3D, and test 3

Lesson 4 Types of Angles-Please have your student watch the video for lesson 4 and complete 4A and 4B before coming to class the first week of school.
