<b>In addition to Arrows, students must complete these at home</b>	Grammar & Math			n/a		

\* Math classes are offered at the same time so students can take the class they need, no matter which grade level is listed. A Math Study Hall will also be available for students who wish to use a different level, curriculum, or pace.

*Please note that while many standards are covered, we do not teach all state standards. Parents should determine an annual pacing plan to ensure that all subjects, including subjects not taught at Arrows, are completed and desired standards are covered by the end of each school year.*
