

2018 BJU Fundamentals Summer Math Assignment

Parents, please, grade all book work and have students make corrections if necessary. See Grading Rubric below. Place a final grade at the top of the page.

You are free to work at a faster or slower pace as you deem fit. If your child need more practice before testing, please feel free to give more problems which address his area of need. *****Please note that you may need to review some multiplication and division skills as students convert units of measure.*****

All 10 assignments are due the first day of Arrows. Graded homework should be attached the recording sheet, and the Chapter 7 Test should be turned in to the teacher for grading.

Day	Lesson	Assignment	Total Problems
1	7.1 – Customary Units of Length	Complete numbers 1-34 (even’s only)	17
